

In the land of Roquefort

Aveyron

Village de Versols

An immersion in the heart of the milk catchment area dedicated to the producing of the king of cheese: a landscape with plateaus, majestic amphitheatres and residual mounds that holds some beautiful bumps and splendid sceneries.

This loop is to the « Brebis'Cyclette » bike ride what a strong Roquefort is to a milder Roquefort. The ascent to the cause of Saint-Affrique and the Aiguières pass are the two challenges of this route marked out by attractive sites: the dolmen de Tiergues, the ripening caves, the Tournemire amphitheatre, the Saint-Jean d'Alcas fort, before a gentle ending through the Sorgues valley.
