

# Loop 51 - Les Pins

Hautes-Alpes

(Emmanuel DANJOU)

**A Gravel route that winds its way between two unmissable features: The Aiguilles de Chabrières and Lac de Serre Ponçon.**

A short but demanding loop!

A particularly uncomfortable first descent, but it's only temporary. The rest of the route will be more gentle. It passes through forests, hamlets and farmland. This south-facing slope used to be home to vineyards: the sheds used to store tools can still be seen today.
